

A close-up portrait of a woman with voluminous, curly, light brown hair. She is wearing a bright pink, strapless, form-fitting top. Over the top, she wears a long, multi-strand necklace made of small, shimmering gold and turquoise beads. The necklace has a wide, metallic gold-colored clasp at the bust. She is looking directly at the camera with a slight smile. The background is dark and out of focus, showing some green foliage.

About Euphoria

Euphoria Apparels Ltd. Is a premium lingerie manufacturing company in Bangladesh producing a wide range of intimate apparels to meet the demand of global brands.

We're a fully export oriented world class production unit producing men's, women's, and kid's undergarments including soft bra, molded bra, padded bra, brief, string, thong, boxer, tang top, swimwear and nightwear.

We're exporting our products to a number of renowned buyers in the USA and European Union. Euphoria is a fully compliant factory with OEKO-TEX, Sedex, WRAP, and BSCI certification. We're also registered with ACCORD on fire and building safety in Bangladesh.

Vision

To be the best company in our industry.

Mission

To strive continuously to exceed customer's expectations for achieving unlimited excellence by providing greater value to our customers.

Production
and Compliance

World Class
Production Facility

Production Floor

We have built well organized, spacious and ergonomic production floors. Each floor has 20,000 square feet (2,000 sqm) of space with seven levels, total (14,000sqm) including:

- Sewing area.
- Finishing area.
- Iron area.
- Inspection area.

Machine and Equipment

We have installed all required world class machines for producing quality lingerie including:

- Band Knife Machine
- Conveyor Type Needle Detector
- Plotter Machine
- Color Assessment Cabinet
- Fabric Inspection Machine
- Tape Cutter Machine
- Sewing Machine

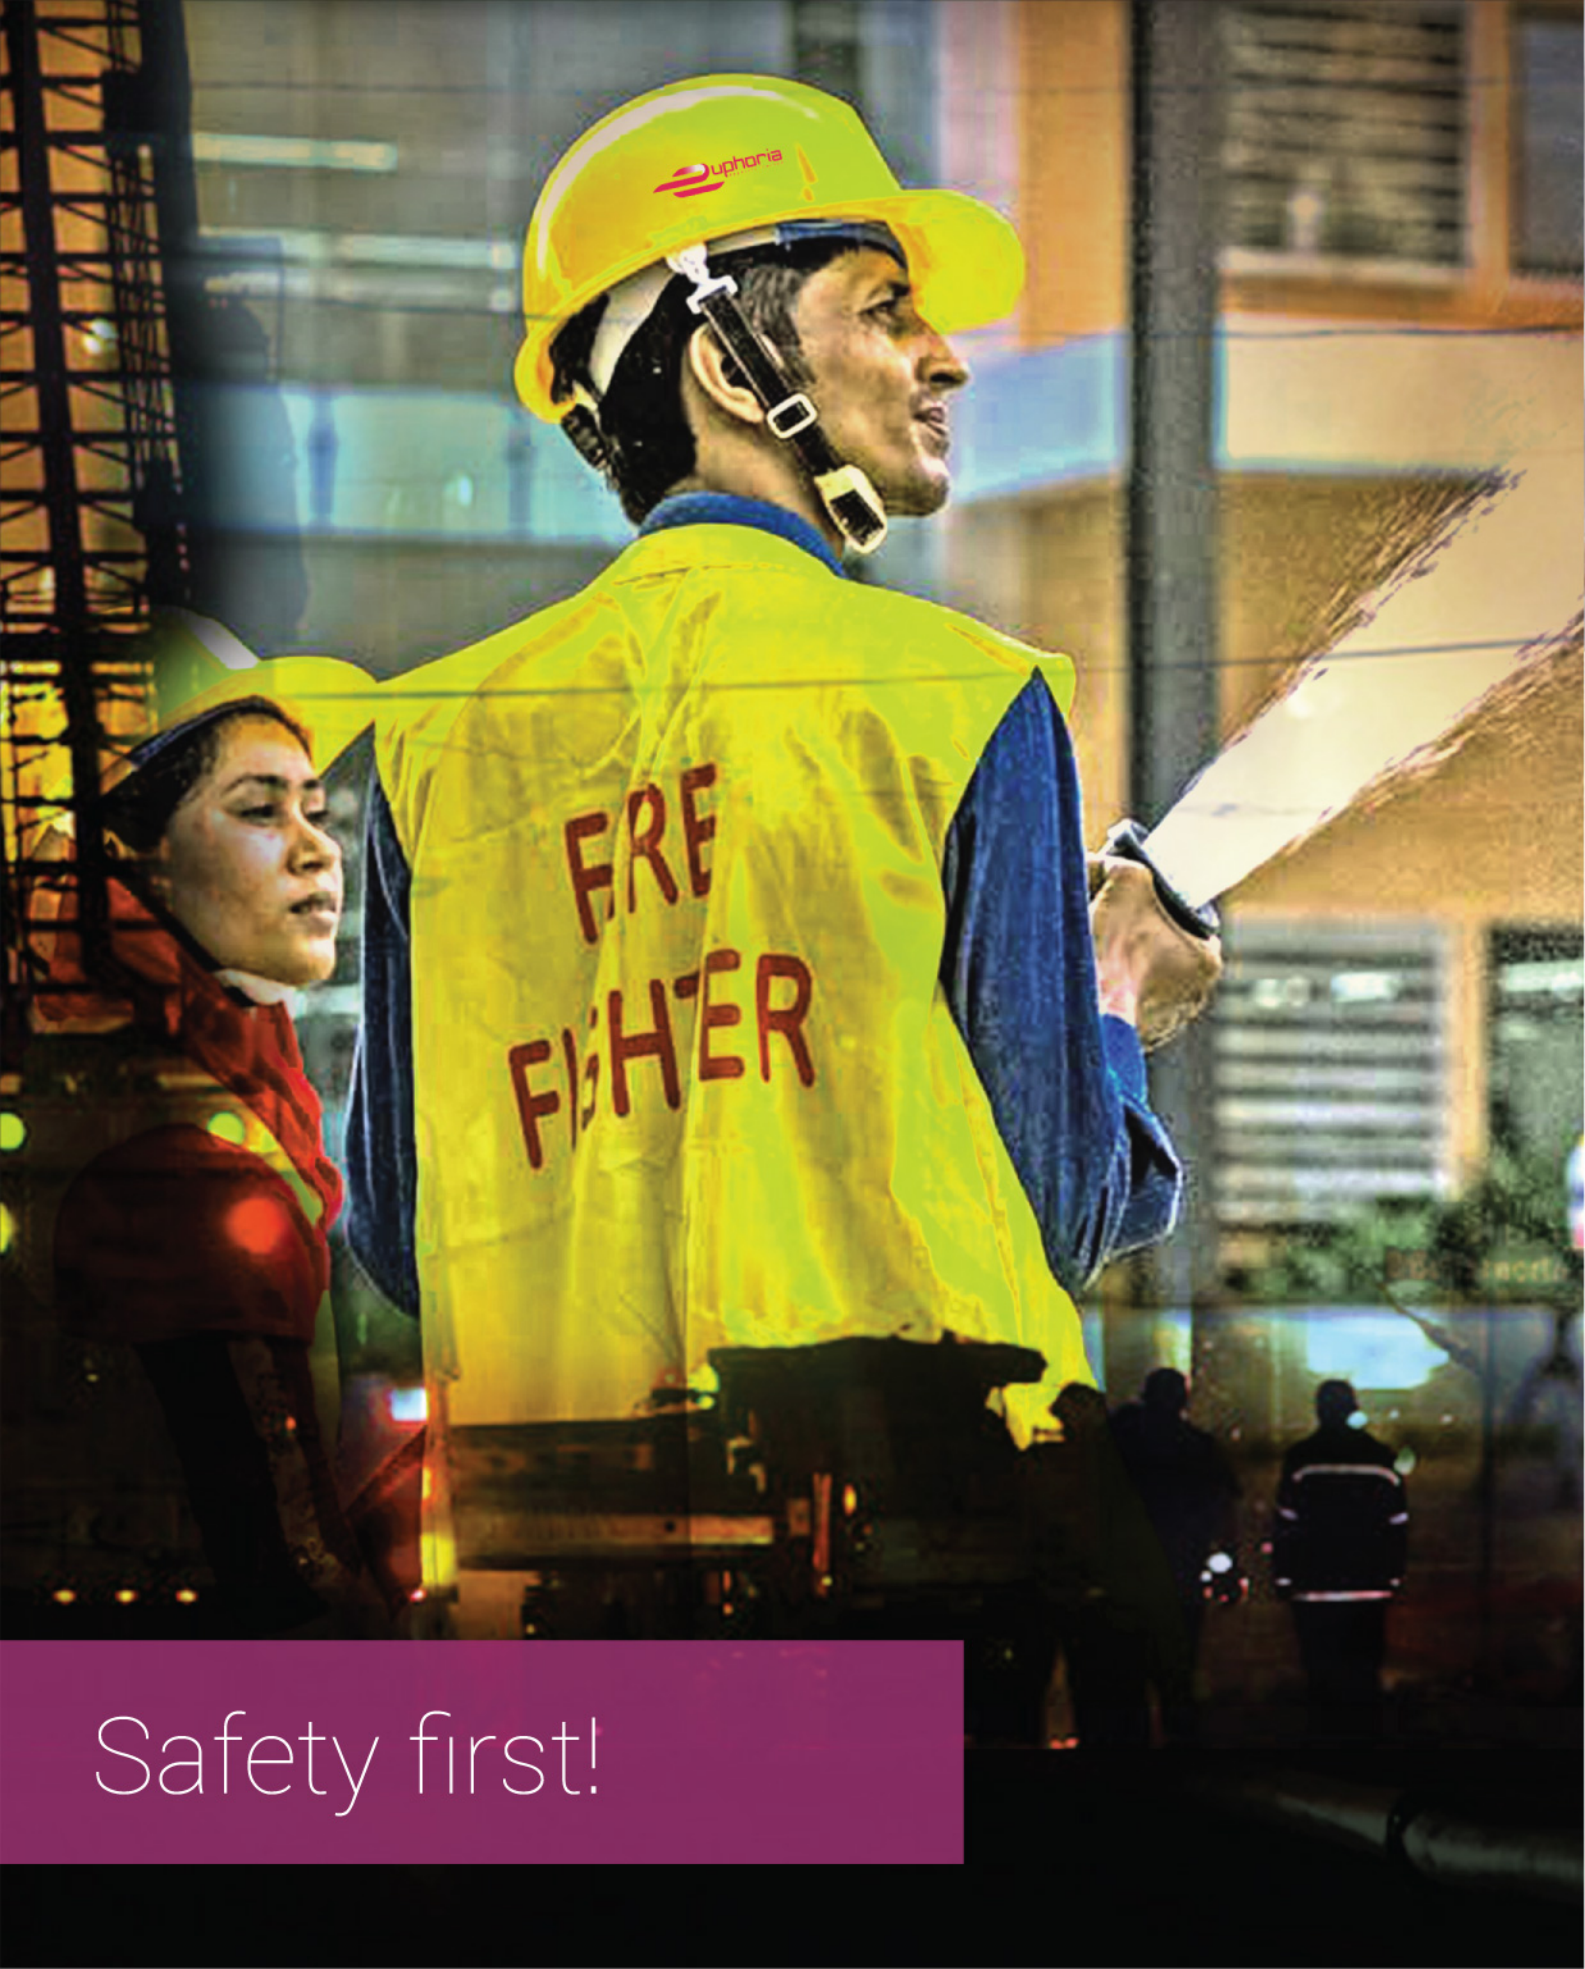

Power Generation and Electrical Equipment

Our factory is equipped with required electrical substation with full backup diesel generator of 1 MW capacity for uninterrupted production.

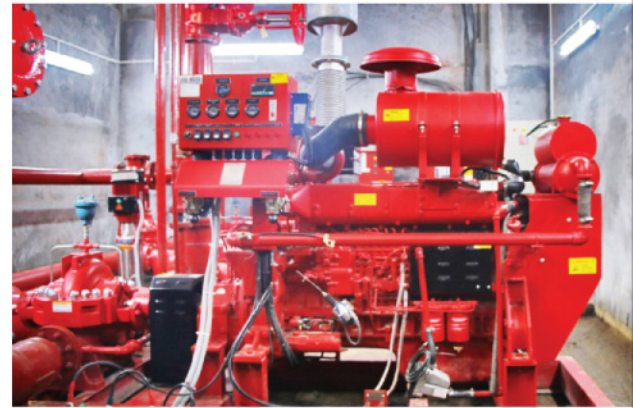

Safety first!

Firefighting Protection and Equipment

Fire is one of the primary and vital safety concerns at Euphoria. We have installed both firefighting and detection systems.

Industrial health, safety and welfare are closely monitored and safe environment for work is ensured.

Training and Development

We provide continuous training and development to create a learning environment; where employees are prepared to accept changes, develop new skills and take responsibility for their own continuous learning.

Workers Participation Committee

We have active workers participation committee in place, through this committee workers and management uphold their mutual interests.

Good Food
Healthy Life

Dining Facilities

A spacious dining facility is established, where employees take lunch in a clean and healthy environment. As per policy every employee gets complimentary lunch.

Every Employee
We Care

Medical Clinic and Daycare Center

We have onsite medical clinic and daycare center which includes:

- Team of professional doctors.
- Well trained nurses.
- Basic first-aid kit and necessary medicine.
- Company pays for the consultation
- Provide recommended medicine.

12 PRINCIPLES

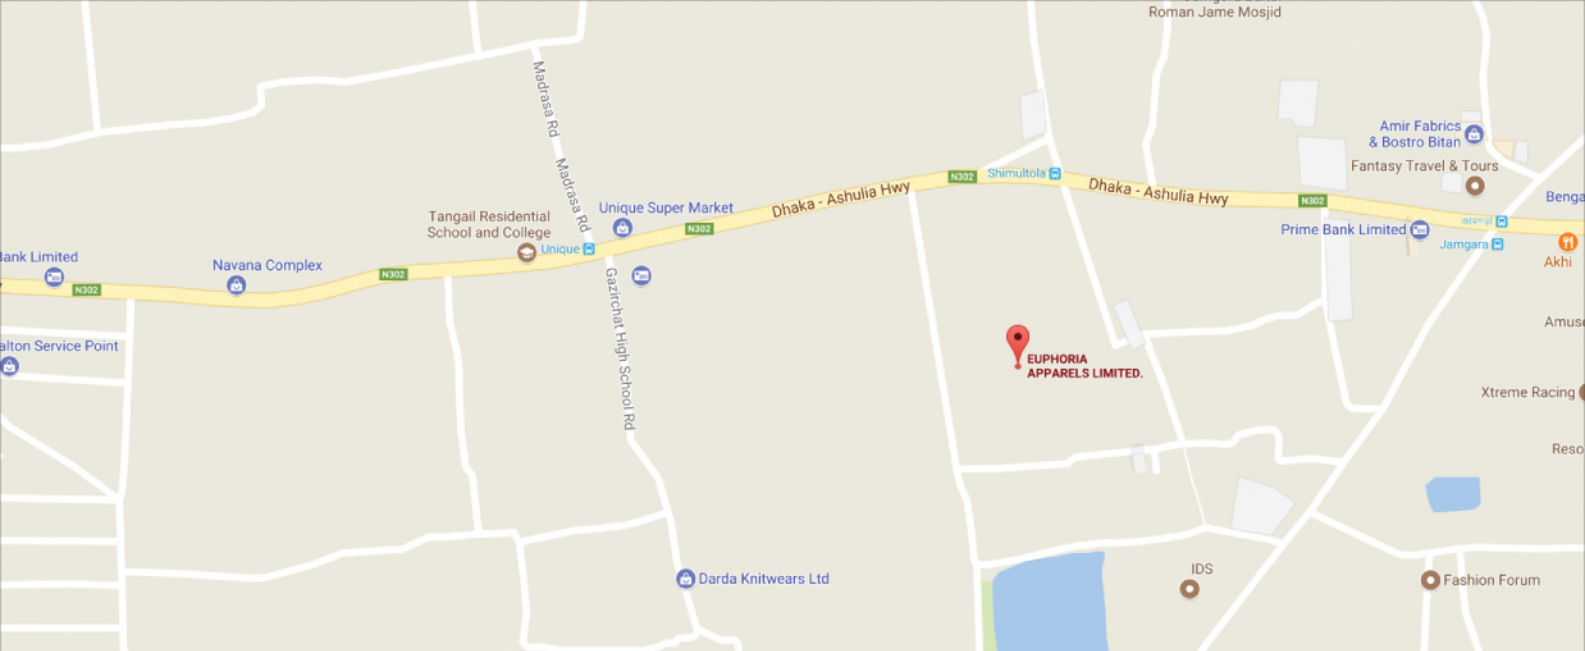

Sustainability

At Euphoria we integrate the concepts into everything that we do, which inspire and enable business to lead the way to a sustainable economy.

We ensure good governance, production system and processes complied with global standards, maintain quality of products, efficient partners management, continuous improvement of skills through training and development activities, healthy work environment, health and safety of our people, gender equality and social justice are pursued simultaneously to ensure the well-being and quality of life and environment.

The overall goal is to integrate the principles, values and practices of sustainable development into all aspects at Euphoria as a world class premium apparels manufacturer from Bangladesh. This effort will encourage changes in behavior that will create a more sustainable future in terms of environmental integrity, economic viability and a just society for present and future.

Euphoria Factory Location

We are located at Jamgora, Shimultola, Ashulia, Dhaka, which is 20kms away from Dhaka airport, approximately 50 minutes drive.
